On April 14, 2011, we had to have the SRS document ready. Since the Prof. moved the deadline to April 15, 2011 we decided to start a meeting that day. We ~~also~~ discuss other problems we had with our current document.

This meeting would be the 1st official meeting since working on the SRS. During this time we the group worked countless hours using google documents in order for each of us to be in ~~sync~~ sync. This means we all could work on the same document and see a live change.

~~Do~~ the

We realised that our SRS document was not completely done, some text had miss use of words and so functions needed to be ~~modified~~ modified. ~~We~~ We re-assigne the same work to each member, Highlighting the current errors
